## Rat and Rodent Removal Specialist

Advanced Wildlife Trappers in Orlando, Florida specializes in pest and rodent removal in **Orlando, Miami, Palm Beach** and **Broward County**. Our team of experienced and expert rat trapping experts are all licensed and have the knowledge and expertise to solve your rat infestation problem.

We utilize *no rat poison* during the removal process and are here to help you solve the problem, not just remove the rats. In particular, we want to ensure that the rats do not return to your home or business. We treat all affected rat infested areas and sanitize. We ensure that there are no further traces of the rat including feces and urine removal.

We also make certain that the rat entry point is well secured and shored up prior to departing your property. This ensures that the rats do not return through the same entry access point. Call us today in your city for a free in home or business rat removal consultation.
